Subject: Dicamba - Joint Georgia Letter
Attachments: Dicamba Labeling - Joint Letter From Georgia.pdf

Hi Derrick,

I hope you are doing well. I wanted to present the attached letter from a coalition of interested agriculture groups to you regarding Dicamba registrations. We have sent the letter to EPA Administrator Wheeler and will be forwarding to members of the Georgia Congressional delegation. Please pass the letter on to anyone within EPA as you see fit. As you are well aware, Dicamba is an extremely valuable tool for Georgia agriculture and we do not feel that the Ninth Circuit Court was correct in its ruling.

Feel free to contact me directly if you have any questions. Thanks for all that you do.

Thanks,

*Will Bentley
